Admission to America's Cup Museum

Sailing enthusiasts are invited to discover the history of the America's Cup, the oldest trophy in international sport, by visiting the America's Cup Museum

p.m. daily through May, 1992. Admission is \$5 for adults and \$1 for children 12 and under.

For information, call (619) 685-1412.

The museum, which is located in the Cruise Terminal at the B Street Pier downtown, features an extensive collection of artifacts, graphics and photographs, as well as scale models of every challenger and defender since 1851.

The museum is open from 10 a.m. to 6

Thunderboats

Thunderboats Unlimited, a non-profit organization, has organized the thunderboat unlimited hydroplane races on Mission Bay for 27 years. This year's race will be held September 13-15.

Proceeds from the annual race benefit the Mission Bay Endowment fund. Established by Thunderboats Unlimited, the fund provides for enhancement of park facilities.

ALL REGATTA REPORTS WILL BE POSTED

SCHEDULE OF ACTIVITIES:

GUILD MEETING THIRD THURSDAY OF MONTH, 7:00 P.M. SOCIAL
7:30 P.M. MEETING

STATIC WORKSHOP - EVERY OTHER TUESDAY 7:00 P.M. TO 9:00 P.M. ABOARD THE FERRY BERKELEY.

R/C OPERATION- SATURDAY MORNINGS MODEL YACHT POND

ANNUAL REGATTA- THIRD WEEKEND JUNE.

MEMBERSHIP:

DUES ARE \$15.00 ANNUALLY

WE STRONGLY ENCOURAGE ALL TO JOIN SAN DIEGO MARITIME MUSEUM AS AN EXPRESSION OF APPRECIATION FOR THE FACILITIES THEY PROVIDE US.

WITH THE JUNE REGATTA BEHIND US WE CAN RELAX A WEE-BIT AS THE SUMMER R/C SEASON BEGINS DON'T FORGET THAT R/C CHANNEL COURTESY IS A MUST, SHOW OFF YOUR CHANNEL COLOR OR LET EVERYBODY KNOW BEFORE YOU TURN YOUR RADIO ON, ARE THE RUNNING TIME.....

TIME TO START NEW PROJECTS LET THE WORD OUT, STEAM?, ELECTRIC?, SAIL?, STATIC?--- WE CAN POINT YOU IN THE RIGHT DIRECTION---IF YOU SHOULD NEED HELP-- OR GET STUCK SOMEWHERE ALONG THE WAY.....

BY THE WAY THIS YEAR WE RECEIVED AN INVITATION FROM THE PEOPLE AT THE DEL MAR FAIR WHICH WE ENTHUSIASTICALLY ACCEPTED. WE HAD A GREAT TIME---EVEN THOUGH THE FOOT TRAFFIC WAS LIGHT WE ANSWERED ALL QUESTIONS AND PASSED AROUND THE GUILD NEWSLETTER TO ALL WHO WANTED TO KNOW WHO WE WERE. THE PEOPLE AT THE FAIR TREATED US GREAT!!! AND WE ENJOYED THE FAIR EXHIBITS, THE FOOD, THE CROWD'S YES IT WAS FUN---EVEN WATCHING SO MANY PEOPLE HAVING FUN---WE SHOULD PLAN OUR EXHIBIT FOR THE FAIR NEXT YEAR WITH AS MUCH DETAIL AS WE DO OUR REGATTA. MORE DETAILS LATER.

WE RECEIVED A LOT OF NOTES FROM OUT OF TOWN CLUB MEMBERS WHO ATTENDED OUR REGATTA, EXTENDING THEIR THANKS FOR ALL THE FUN THEY HAD, AND HOW SMOOTHLY EVERYTHING WENT, THE FRIENDLY CAMARADERIE OF OUR CLUB MEMBERS, TOWARDS OUR OUT OF TOWN GUEST THE TROPHY AWARD PLAQUES WERE A HIT, THE REGATTA PREPARATION'S ON SATURDAY MORNING (AS OBSERVED BY SOME OF THE COMPETITORS) WENT TOGETHER LIKE CLOCK WORK, ONE MINUTE THERE WAS AN EMPTY LAKE AND GRASS, I TURNED AROUND AND PRESTO TENTS WENT UP, TABLES APPEARED FROM I DON'T KNOW WHERE, MODELS WENT ON DISPLAY THE AREA WAS ROPED OFF, SOMEBODY TOOK MY MONEY, GAVE ME A NUMBER, GOOD GRIEF!!! I'M COMPETING IN THE SAN DIEGO REGATTA. AUGHR!!!! AUGHR!!!! THE PRESSURE IS MOUNTING-- THE SUN CAME UP EARLY THIS MORNING, ARE MY BATTERIES CHARGED? THE BULL HORN GOES OFF--- GOOD MORNING???? I DIDN'T SLEEP LAST NITE--- I NEED A DRINK--- A TABLE WITH HOT COFFEE!!! WHO WOULD OF THOUGHT ?!!! I'M READY-- I'LL SHOW THEM ALL --- OFF.... OH NO!!-- I'M BEING CALLED NOW, WHO'S GOT THE NAVIGATION COURSE CHART? HELP!!!!

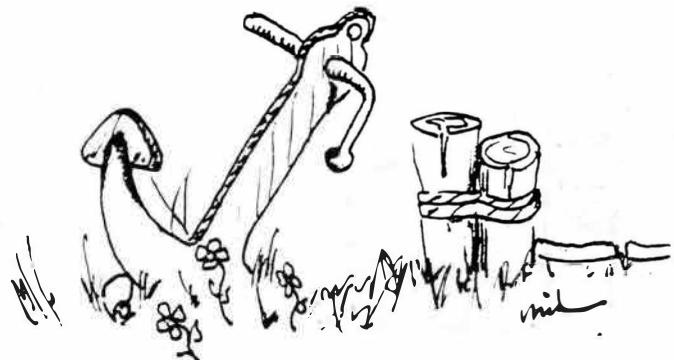

THIS YEAR OUR COMMODORE ELECTED TO USE AS MUCH OF OUR POND AS POSSIBLE AND OUR NAVIGATION COURSE WAS ONE OF THE MOST INTENSE COURSES I'VE HAD OUR OWN SAN DIEGO TRIANGLE, OUT THERE, WHICH CLAIMED TWO SHIPS, A FOUR STACK DESTROYER, WHO'S CAPTAINS ONLY RECOURSE UPON SEEING HIS COMMAND GOING UNDER WAS A SNAPPY MILITARY SALUTE AND DOWN SHE WENT, THEN THERE WAS THE TUG, ONE OUR MODELING COMMUNITY SEASON CAPT. (WHICH GOES TO SHOW YOU OLD KING NEPTUNE PLAYS NO FAVORITES) THIS TUG BOAT WENT DOWN DEEP---HOW WOULD YOU SCALE DOWN 8 TO 10 FEET OF WATER TO SCALE FATHOMS, UHM!!!? WE ARE HAPPY TO SAY THAT BOTH SHIPS WERE RECOVERED SUCCESSFULLY---THE DESTROYER WENT ON TO SAIL ON THE SAME DAY, THE TUG RETIRED FOR THE DAY....

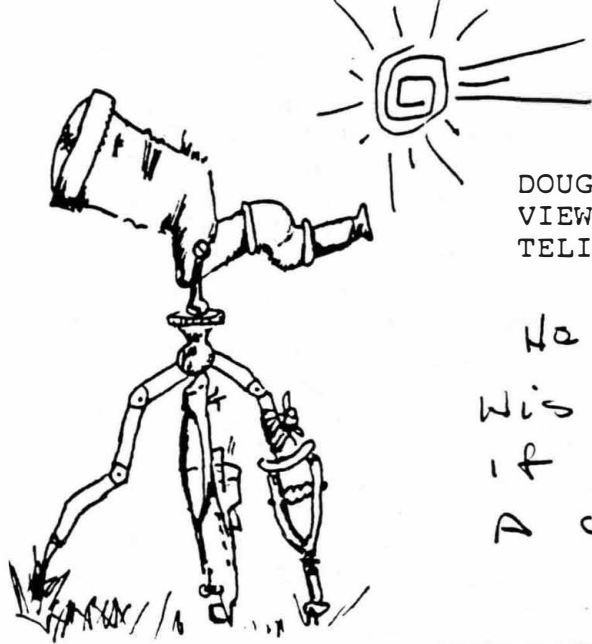

JIM HAWKINS RECOGNIZES OUR MODELING SKILL---IT'S OUR R/C RUNNING SKILL HE IS AFTER THE ULTIMATE CHALLENGE-- WE DARE BUILD IT, NOW DARE THE DEEP!!! IS NOT EASY TRUSTING YOUR MODEL TO SOMETHING AS UNCONTROLLABLE AS WATER/WIND/SALT/UNDER CURRENTS/R/C INTERFERENCE. JIM WAS UNTIRING RUNNING HERE & THERE PATCHING THIS AND THAT, KEEPING OUR NAVIGATION BUOYS & ISLAND FROM DRIFTING AWAY. HIS PRESENCE WAS EVERYWHERE FROM START TO FINISH.

WE SHOULD HAVE A REGATTA COMMODORE AWARD OF SOME KIND, SINCE I FEEL THE BEST AWARD SHOULD GO TO THE SUCCESS OF THE REGATTA ITSELF AND AS I'VE HEARD SAN DIEGO IS THE PREMIER REGATTA ON THE WEST COAST AND LOOKED UP TO BY MOST CLUB'S AND MODEL SHIP BUILDERS. THE OVER ALL FIRST PLACE IS FOR THE COMMODORE IN CHARGE AND HIS MASTERPIECE THE 1991 SAN DIEGO REGATTA.

JIM HAWKINS

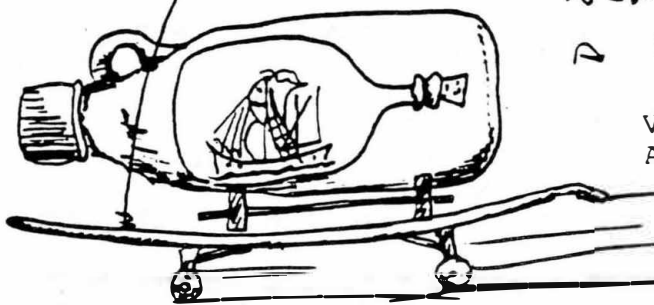

WE THANK YOU!!!!!!

DOUGH MCFARLAND -- TREATED US TO VIEW THE SUN SPOTS THROUGH HIS POWERFUL TELISCOPE.

He is also selling some of his telescope equipment, if interested, give him a call at

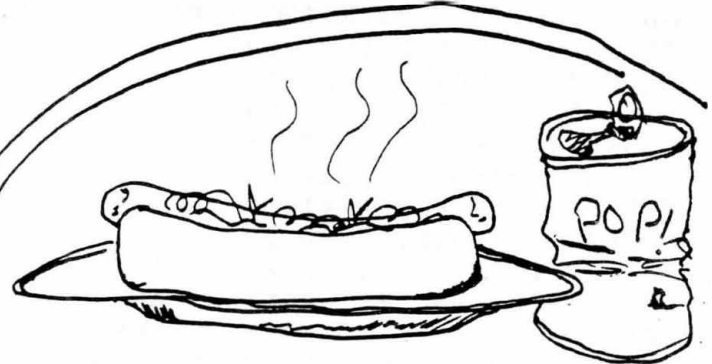

NEXT: SHIP IN A BOTTLE IN A BOTTLE?! ON AN R/C SKATE BOARD...

VIC CROSBY-- SHOWED HIS SHIPS IN A BOTTLE COLLECTION

FOR SALE:

NAUTICAL RESEARCH JOURNALS 1968-79 3 EACH --ALSO INSERTS CONTACT ROBERT TAGGART -- /redacted/

WHO WOULD HAVE THOUGHT THAT HOT DOGS AND POP WOULD HAVE BEEN SUCH A HIT..... IT WAS A WELCOME TREAT AND AN ANSWER TO THE CRY "MID-DAY LUNCH BREAK" WITHOUT LOOSING VALUABLE PARKING SPACE....ALL THE COOKING , WRAPPING SET UP WAS DONE BY THE FOLLOWING GUILD MEMBERS WIVES AND FAMILY: MRS ISABEL WILLIS, MRS. VICTORIA RIVERA & NIECE LIZA AND YOURS TRULLY MIKE RIVERA....THANK YOU ALL FOR YOUR COOPERATION.

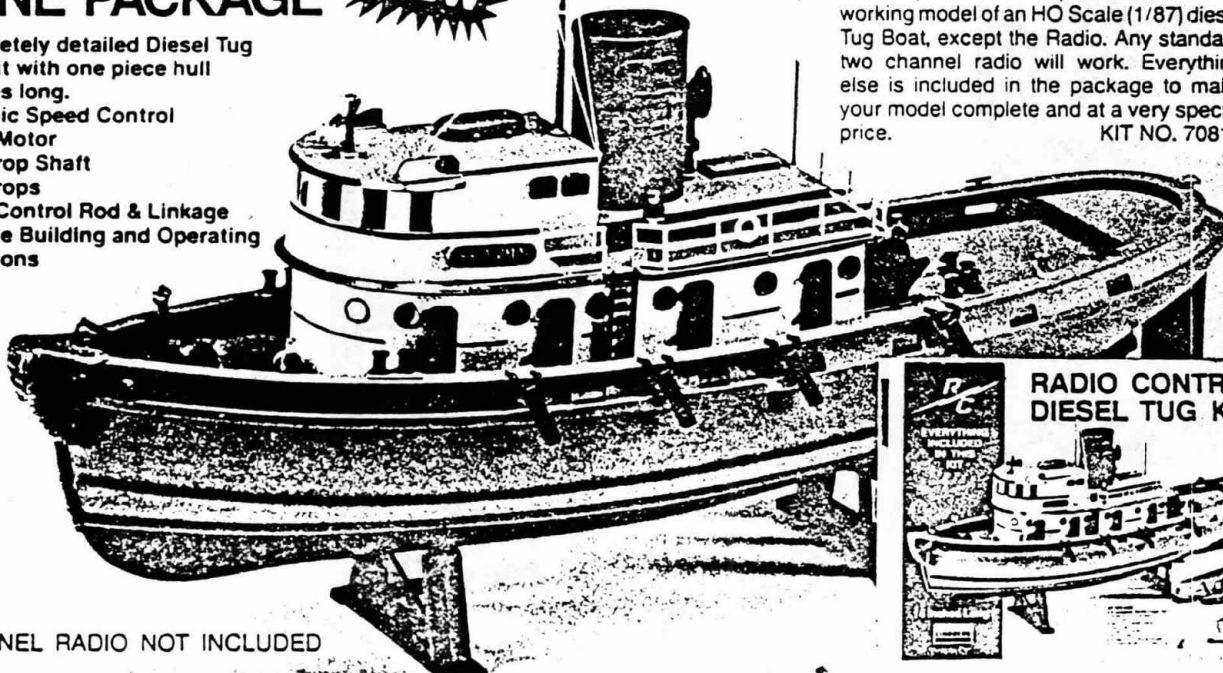

NOW! RADIO CONTROL TUG BOAT

EVERYTHING IN ONE PACKAGE

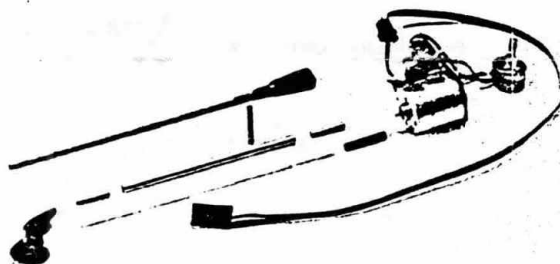

NEW

- A completely detailed Diesel Tug model kit with one piece hull 14 inches long.
- Electronic Speed Control
- Special Motor

NO. 70812 PT 109
NO. 70814 Constellation

Tiny Thumb Planes

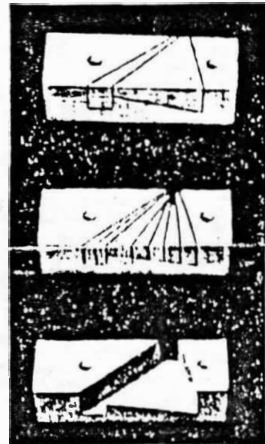

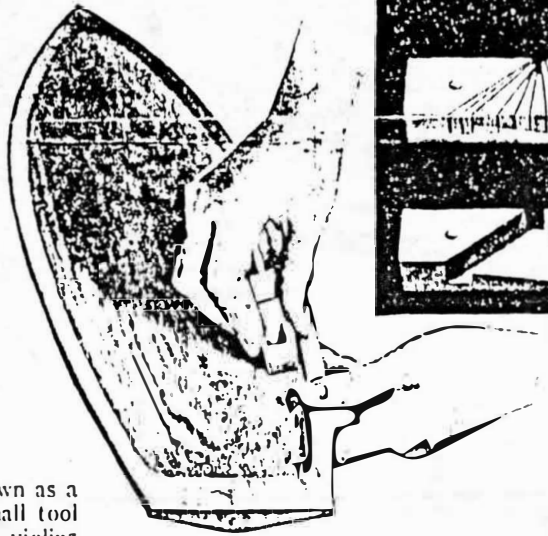

AID IN BUILDING MODELS

You can make a whole set for a few cents and will find them invaluable for shaping hulls and similar work

The parts of a thumb plane ready for assembly, and three complete planes with bottoms of different shapes. The body of each plane is made in halves, then doweled

The inside of each block is marked as shown at the right, then slotted with a saw and finished with chisel and file. A round-bottom plane is illustrated below in use on the inner curves of a model sailboat hull

sides can be finished, and then the bottom of the plane can be shaped as you desire—straight, concave, convex, or in any other form.

A palm rest turned to the shape and size shown in the drawing is to be preferred; however, a serviceable rest may be made from a slice of $\frac{3}{8}$ -in. dowel with the top rounded, and a hole drilled in the bottom to take a $\frac{1}{8}$ - or $\frac{3}{16}$ -in. dowel. The wedge is made of hardwood as indicated.

The blade is a piece of hack saw or similar steel, ground and honed to the shape of the bottom of the plane. In setting the plane, let the blade project just a hair from the bottom.

Although the utility of these little tools is more or less obvious, a few of the many jobs may well be mentioned where they will be found to do better work in less time. The flat plane can be used to shape decks, deck houses, and other small parts necessary in making models. The convex or full round is most helpful in shaping the flare at the bow of ship models, also for shaping the inside of ship and sailing models. The concave plane has been found just the tool for shaping masts and yards; it does the work neatly and makes it much easier.

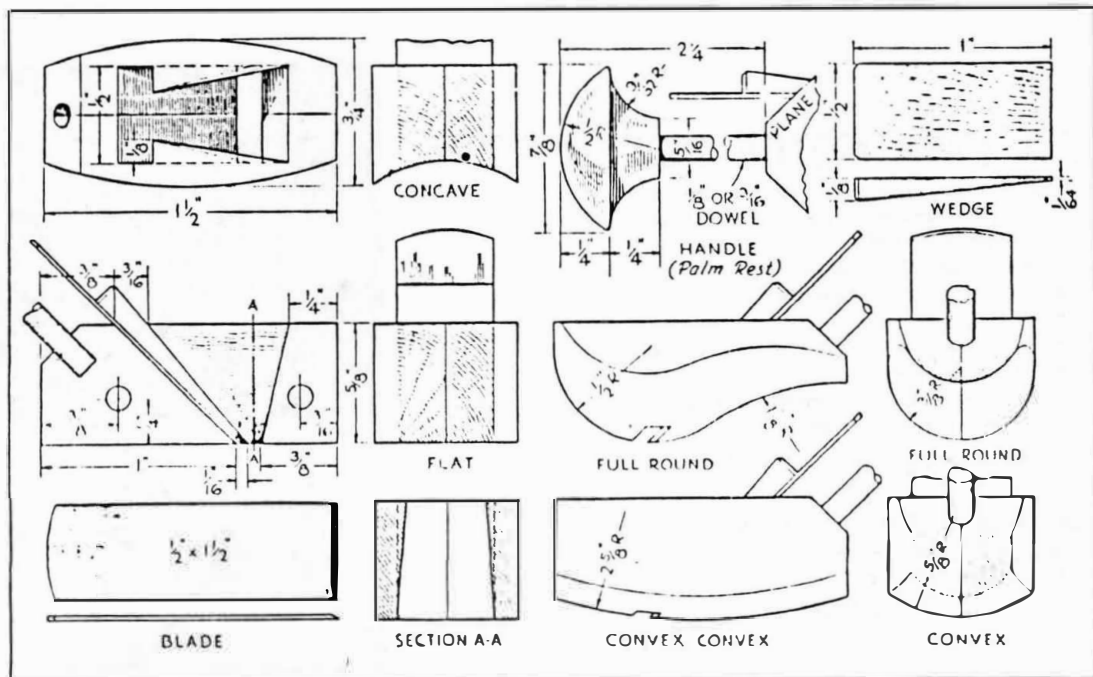

WHAT is familiarly known as a "thumb plane" is a small tool invaluable in making violins and similar musical instruments and in shaping model ships, airplanes, sailing yachts, and the like.

The body of this plane is held between the thumb and forefinger, and the handle cuts against the palm of the hand. With the ordinary plane of this type, the fingers get tired very quickly, but with the new design illustrated, it is possible to work for several hours without undue fatigue or cramps in the fingers because a good deal of the thrust required to push the plane is taken up by the carefully designed palm rest.

The body of the plane is made of two pieces of maple, beech, or some other hardwood with a fine, close grain. Each piece should be $\frac{3}{4}$ by $\frac{5}{8}$ by $1\frac{1}{2}$ in. Clamp them together and drill two $\frac{1}{8}$ -in. dowel holes as shown in the drawing. With the dowels in place, mark the top and bottom of the pieces; then remove the dowels and mark the inside of both pieces. With a small

saw, chisel, and file, remove the waste wood.

When you have finished shaping the inside, the two parts should be doweled and glued together. After the glue has set, the

Full-size drawings of thumb planes to show the method of construction and various shapes found useful for models

PRESENTS
